Season's greetings to everyone from us; Rick, Susan, Jay and Jennifer, in Desert Hot Springs, California.

This morning we headed to the pool to enjoy the 26C weather and the warm mineral water. I can't say that I have had a Christmas quite like this before but I can say it is wonderful. Our day will be spent relaxing, enjoying one another's company and dining on salad and a shrimp stir fry, not traditional Christmas fare, but delicious just the same.

We hope your day is as good as ours and you are enjoying it in your own way! Merry Christmas!
